1 Policy statement

- 1.1 Bishop Stopford School collects and uses personal information about **staff**, students, parents and other individuals who come into contact with the School. This information is gathered in order to enable it to provide education and other associated functions. In addition, there may be a legal requirement to collect and use information to ensure that the Academy complies with its statutory obligations.
- 1.2 Everyone has rights with regard to the way in which their **personal data** is handled. During the course of our activities as a School we will collect, store and **process personal data** about our students, **staff**, parents and others. This makes us a **data controller** in relation to that **personal data**.
- 1.3 We are committed to the protection of all **personal data** and **special category personal data** for which we are the **data controller**.
- 1.4 The law imposes significant fines for failing to lawfully **process** and safeguard **personal data** and failure to comply with this policy may result in those fines being applied.
- 1.5 All members of our **staff** must comply with this policy when **processing personal data** on our behalf. Any breach of this policy may result in disciplinary or other action.

2 About this policy

- 2.1 The types of **personal data** that we may be required to handle include information about students, parents, our **staff**, and others that we deal with. The **personal data** which we hold is subject to certain legal safeguards specified in the General Data Protection Regulation ('**GDPR**'), , and other regulations (together '**Data Protection Legislation**').
- 2.2 This policy and any other documents referred to in it set out the basis on which we will **process** any **personal data** we collect from **data subjects**, or that is provided to us by **data subjects** or other sources.
- 2.3 This policy does not form part of any employee's contract of employment and may be amended at any time.
- 2.4 This policy sets out rules on data protection and the legal conditions that must be satisfied when we process **personal data**.

3 Definition of data protection terms

- 3.1 All defined terms in this policy are indicated in **bold** text, and a list of definitions is included in Annex 1 to this policy.

4 Data Protection Officer

- 4.1 As a School, we are required to appoint a Data Protection Officer ("DPO"). Our DPO is the Business Manager (see Annex 2 for contact details).
- 4.2 The DPO is responsible for ensuring compliance with the Data Protection Legislation and with this policy. Any questions about the operation of this policy or any concerns that the policy has not been followed should be referred in the first instance to the DPO.
- 4.3 The DPO is also the central point of contact for all **data subjects** and others in relation to matters of data protection.

5 Data protection principles

- 5.1 Anyone **processing personal data** must comply with the data protection principles. These provide that **personal data** must be:
 - 5.1.1 **Processed** fairly and lawfully and transparently in relation to the **data subject**;
 - 5.1.2 **Processed** for specified, lawful purposes and in a way which is not incompatible with those purposes;
 - 5.1.3 Adequate, relevant and not excessive for the purpose;
 - 5.1.4 Accurate and up to date;
 - 5.1.5 Not kept for any longer than is necessary for the purpose; and
 - 5.1.6 **Processed** securely using appropriate technical and organisational measures.
- 5.2 **Personal Data** must also:
 - 5.2.1 be **processed** in line with **data subjects'** rights;

- 5.2.2 not be transferred to people or organisations situated in other countries without adequate protection.
- 5.3 We will comply with these principles in relation to any **processing of personal data** by the School.

6 Fair and lawful processing

- 6.1 Data Protection Legislation is not intended to prevent the **processing of personal data**, but to ensure that it is done fairly and without adversely affecting the rights of the **data subject**.
- 6.2 For **personal data** to be **processed** fairly, **data subjects** must be made aware:
- 6.2.1 that the **personal data** is being **processed**;
 - 6.2.2 why the **personal data** is being **processed**;
 - 6.2.3 what the lawful basis is for that **processing** (see below);
 - 6.2.4 whether the **personal data** will be shared, and if so with whom;
 - 6.2.5 the period for which the **personal data** will be held;
 - 6.2.6 the existence of the **data subject's** rights in relation to the **processing** of that **personal data**; and
 - 6.2.7 the right of the **data subject** to raise a complaint with the Information Commissioner's Office in relation to any **processing**.
- 6.3 We will only obtain such **personal data** as is necessary and relevant to the purpose for which it was gathered, and will ensure that we have a lawful basis for any **processing**.
- 6.4 For **personal data** to be **processed** lawfully, it must be **processed** on the basis of one of the legal grounds set out in the Data Protection Legislation. We will normally **process personal data** under the following legal grounds:
- 6.4.1 where the **processing** is necessary for the performance of a contract between us and the **data subject**, such as an employment contract;
 - 6.4.2 where the **processing** is necessary to comply with a legal obligation that we are subject to, (e.g. the Education Act 2011);
 - 6.4.3 where the law otherwise allows us to **process** the **personal data** or we are carrying out a task in the public interest; and
 - 6.4.4 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **personal data**.
- 6.5 When **special category personal data** is being processed then an additional legal ground must apply to that processing. We will normally only **process special category personal data** under following legal grounds:
- 6.5.1 where the **processing** is necessary for employment law purposes, for example in relation to sickness absence;
 - 6.5.2 where the **processing** is necessary for reasons of substantial public interest, for example for the purposes of equality of opportunity and treatment;
 - 6.5.3 where the **processing** is necessary for health or social care purposes, for example in relation to students with medical conditions or disabilities; and
 - 6.5.4 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **special category personal data**.
- 6.6 We will inform **data subjects** of the above matters by way of appropriate privacy notices, which shall be provided to them when we collect the data, or as soon as possible thereafter, unless we have already provided this information such as at the time when a student joins us.
- 6.7 If any **data user** is in doubt as to whether they can use any **personal data** for any purpose then they must contact the DPO before doing so.

Vital Interests

- 6.8 There may be circumstances where it is considered necessary to **process personal data** or **special category personal data** in order to protect the vital interests of a **data subject**. This might include medical emergencies where the **data subject** is not in a position to give consent to the **processing**. We believe that this will only occur in very specific and limited circumstances. In such circumstances, we would usually seek to consult with the DPO in advance, although there may be emergency situations where this does not occur.

Consent

- 6.9 Where none of the other bases for **processing** set out above apply, then the school must seek the consent of the **data subject** before **processing** any **personal data** for any purpose.
- 6.10 There are strict legal requirements in relation to the form of consent that must be obtained from **data subjects**.
- 6.11 When students and/or staff join the School a consent form will be required to be completed in relation to them. For students in Key Stages 3 and 4 this will need to be countersigned by an individual with parental responsibility for that student. Where appropriate third parties may also be required to complete a consent form.
- 6.12 If consent is required for any other **processing** of **personal data** of any **data subject** then the form of this consent must:
 - 6.12.1 Inform the **data subject** of exactly what we intend to do with their **personal data**;
 - 6.12.2 Require them to positively confirm that they consent – we cannot ask them to opt-out rather than opt-in; and
 - 6.12.3 Inform the **data subject** of how they can withdraw their consent.
- 6.13 Any consent must be freely given, which means that we cannot make the provision of any goods or services or other matter conditional on a **data subject** giving their consent.
- 6.14 The DPO must always be consulted in relation to any proposed amendments to consent forms.
- 6.15 A record must always be kept of any consent, including how it was obtained and when.d purposes
- 6.16 In the course of our activities as a School, we may collect and **process** the **personal data** set out in our Schedule of Processing Activities. This may include **personal data** we receive directly from a **data subject** (for example, by completing forms or by corresponding with us by mail, phone, email or otherwise) and **personal data** we receive from other sources (including, for example, local authorities, other schools, parents, other students or members of **staff**).
- 6.17 We will only **process personal data** for the specific purposes set out in our Schedule of Processing Activities or for any other purposes specifically permitted by Data Protection Legislation or for which specific consent has been provided by the data subject.

7 Notifying data subjects

- 7.1 If we collect **personal data** directly from **data subjects**, we will inform them about:
 - 7.1.1 our identity and contact details as **Data Controller** and those of the DPO;
 - 7.1.2 the purpose or purposes and legal basis for which we intend to **process** that **personal data**;
 - 7.1.3 the types of third parties, if any, with which we will share or to which we will disclose that **personal data**;
 - 7.1.4 whether the **personal data** will be transferred outside the European Economic Area ('**EEA**') and if so the safeguards in place;
 - 7.1.5 the period for which their **personal data** will be stored, by reference to our Retention and Destruction Policy;
 - 7.1.6 the existence of any automated decision making in the **processing** of the **personal data** along with the significance and envisaged consequences of the **processing** and the right to object to such decision making; and
 - 7.1.7 the rights of the **data subject** to object to or limit processing, request information, request deletion of information or lodge a complaint with the ICO.
- 7.2 Unless we have already informed **data subjects** that we will be obtaining information about them from third parties (for example in our privacy notices), then if we receive **personal data** about a **data subject** from other sources, we will provide the **data subject** with the above information as soon as possible thereafter, informing them of where the **personal data** was obtained.

8 Adequate, relevant and non-excessive processing

- 8.1 We will only collect **personal data** to the extent that it is required for the specific purpose notified to the **data subject**, unless otherwise permitted by Data Protection Legislation.

- 9 **Accurate data**
- 9.1 We will ensure that **personal data** we hold is accurate and kept up to date.
- 9.2 We will take reasonable steps to destroy or amend inaccurate or out-of-date data.
- 9.3 **Data subjects** have a right to have any inaccurate **personal data** rectified. See further below in relation to the exercise of this right.
- 10 **Timely processing**
- 10.1 We will not keep **personal data** longer than is necessary for the purpose or purposes for which they were collected. We will take all reasonable steps to destroy, or erase from our systems, all **personal data** which is no longer required.
- 11 **Processing in line with data subjects' rights**
- 11.1 We will **process** all **personal data** in line with **data subjects'** rights, in particular their right to:
- 11.1.1 request access to any **personal data** we hold about them;
 - 11.1.2 object to the **processing** of their **personal data**, including the right to object to direct marketing;
 - 11.1.3 have inaccurate or incomplete **personal data** about them rectified;
 - 11.1.4 restrict **processing** of their **personal data**;
 - 11.1.5 have **personal data** we hold about them erased
 - 11.1.6 have their **personal data** transferred; and
 - 11.1.7 object to the making of decisions about them by automated means.

The Right of Access to Personal Data

- 11.2 **Data subjects** may request access to all **personal data** we hold about them. Such requests will be considered in line with the schools Subject Access Request Procedure. This procedure is available on our School website or on request to the School office.

The Right to Object

- 11.3 In certain circumstances **data subjects** may object to us **processing** their **personal data**. This right may be exercised in relation to **processing** that we are undertaking on the basis of a legitimate interest or in pursuit of a statutory function or task carried out in the public interest.
- 11.4 An objection to **processing** does not have to be complied with where the school can demonstrate compelling legitimate grounds which override the rights of the **data subject**.
- 11.5 Such considerations are complex and must always be referred to the DPO upon receipt of the request to exercise this right.
- 11.6 In respect of direct marketing any objection to **processing** must be complied with.
- 11.7 The School is not however obliged to comply with a request where the **personal data** is required in relation to any claim or legal proceedings.

The Right to Rectification

- 11.8 If a **data subject** informs the School that **personal data** held about them by the School is inaccurate or incomplete then we will consider that request and provide a response within one month.
- 11.9 If we consider the issue to be too complex to resolve within that period then we may extend the response period by a further two months. If this is necessary then we will inform the **data subject** within one month of their request that this is the case.
- 11.10 We may determine that any changes proposed by the **data subject** should not be made. If this is the case then we will explain to the **data subject** why this is the case. In those circumstances we will inform the **data subject** of their right to complain to the Information Commissioner's Office at the time that we inform them of our decision in relation to their request.

The Right to Restrict Processing

- 11.11 **Data subjects** have a right to “block” or suppress the **processing** of **personal data**. This means that the School can continue to hold the **personal data** but not do anything else with it.
- 11.12 The School must restrict the **processing** of **personal data**:
 - 11.12.1 Where it is in the process of considering a request for **personal data** to be rectified (see above);
 - 11.12.2 Where the School is in the process of considering an objection to processing by a **data subject**;
 - 11.12.3 Where the **processing** is unlawful but the **data subject** has asked the School not to delete the **personal data**; and
 - 11.12.4 Where the School no longer needs the **personal data** but the **data subject** has asked the School not to delete the **personal data** because they need it in relation to a legal claim, including any potential claim against the School.
- 11.13 If the School has shared the relevant **personal data** with any other organisation then we will contact those organisations to inform them of any restriction, unless this proves impossible or involves a disproportionate effort.
- 11.14 The DPO must be consulted in relation to requests under this right.

The Right to Be Forgotten

- 11.15 **Data subjects** have a right to have **personal data** about them held by the School erased only in the following circumstances:
 - 11.15.1 Where the **personal data** is no longer necessary for the purpose for which it was originally collected;
 - 11.15.2 When a **data subject** withdraws consent – which will apply only where the School is relying on the individuals consent to the **processing** in the first place;
 - 11.15.3 When a **data subject** objects to the **processing** and there is no overriding legitimate interest to continue that **processing** – see above in relation to the right to object;
 - 11.15.4 Where the **processing** of the **personal data** is otherwise unlawful;
 - 11.15.5 When it is necessary to erase the **personal data** to comply with a legal obligation; and
- 11.16 The School is not required to comply with a request by a **data subject** to erase their **personal data** if the **processing** is taking place:
 - 11.16.1 To exercise the right of freedom of expression or information;
 - 11.16.2 To comply with a legal obligation for the performance of a task in the public interest or in accordance with the law;
 - 11.16.3 For public health purposes in the public interest;
 - 11.16.4 For archiving purposes in the public interest, research or statistical purposes;
 - 11.16.5 In relation to a legal claim.
- 11.17 If the School has shared the relevant personal data with any other organisation then we will contact those organisations to inform them of any erasure, unless this proves impossible or involves a disproportionate effort.
- 11.18 The DPO must be consulted in relation to requests under this right.

Right to Data Portability

- 11.19 In limited circumstances a **data subject** has a right to receive their **personal data** in a machine-readable format, and to have this transferred to other organisations.
- 11.20 If such a request is made then the DPO must be consulted.

12 Data security

- 12.1 We will take appropriate security measures against unlawful or unauthorised processing of **personal data**, and against the accidental loss of, or damage to, **personal data**.
- 12.2 We will put in place procedures and technologies to maintain the security of all **personal data** from the point of collection to the point of destruction. A summary of these are included in Annex 3
- 12.3 Any member of staff found to be in breach of the above security measures may be subject to disciplinary action.

13 **Data Protection Impact Assessments**

- 13.1 The School takes data protection very seriously, and will consider and comply with the requirements of Data Protection Legislation in relation to all of its activities whenever these involve the use of personal data, in accordance with the principles of data protection by design and default.
- 13.2 In certain circumstances the law requires us to carry out detailed assessments of proposed **processing**. This includes where we intend to use new technologies, which might pose a high risk to the rights of **data subjects** because of the types of data we will be **processing** or the way that we intend to do so.
- 13.3 The School will complete an assessment of any such proposed **processing** and has a template document which ensures that all relevant matters are considered.
- 13.4 The DPO should always be consulted as to whether a data protection impact assessment is required, and if so how to undertake that assessment.

14 **Disclosure and sharing of personal information**

- 14.1 We may share **personal data** that we hold about **data subjects**, and without their consent, with other organisations. Such organisations include the Department for Education, and Education and Skills Funding Agency “ESFA”, Ofsted, health authorities and professionals, the Local Authority, examination bodies, other schools, and other organisations where we have a lawful basis for doing so.
- 14.2 The School will inform **data subjects** of any sharing of their **personal data** unless we are not legally required to do so, for example where **personal data** is shared with the police in the investigation of a criminal offence.
- 14.3 In some circumstances we will not share safeguarding information. Please refer to our Child Protection Policy which can be accessed on the School website.
- 14.4 Further detail is provided in our Schedule of Processing Activities.

15 **Data Processors**

- 15.1 We contract with various organisations who provide services to the School, including:
 - 15.1.1 Payroll providers, HR, legal and health and safety advisors, Caterers, Online Payment Facilities, Student counselling services, Examination Boards, Local Authority e.g. Social Services, Police, Teachers Pension Scheme and the Local Government Pension Scheme, School photographer, I.T. Administration systems for managing student and staff data, medical services.
- 15.2 In order that these services can be provided effectively we are required to transfer **personal data** of **data subjects** to these **data processors**.
- 15.3 **Personal data** will only be transferred to a **data processor** if they agree to comply with our procedures and policies in relation to data security, or if they put in place adequate measures themselves to the satisfaction of the School. The School will always undertake due diligence of any **data processor** before transferring the **personal data** of **data subjects** to them.
- 15.4 Contracts with **data processors** will comply with Data Protection Legislation and contain explicit obligations on the **data processor** to ensure compliance with the Data Protection Legislation, and compliance with the rights of **Data Subjects**.

16 **Images and Videos**

- 16.1 Parents and others attending School events are allowed to take photographs and videos of those events for domestic purposes. For example, parents can take video recordings of a school performance involving their child. The School does not prohibit this as a matter of policy.
- 16.2 The School does not however agree to any such photographs or videos being used for any other purpose, but acknowledges that such matters are, for the most part, outside of the ability of the School to prevent.
- 16.3 The School asks that parents and others do not post any images or videos which include any child other than their own child on any social media or otherwise publish those images or videos.
- 16.4 As a School we want to celebrate the achievements of our students and therefore may want to use images and videos of our students within promotional materials, or for

publication in the media such as local, or even national, newspapers covering school events or achievements. We will seek the consent of students, and their parents where appropriate, before allowing the use of images or videos of students for such purposes.

- 16.5 Whenever a student begins their attendance at the School they, or their parent where appropriate, will be asked to complete a consent form in relation to the use of images and videos of that student by the School. We will not use images or videos of students for any purpose where we do not have consent.

17 **CCTV**

- 17.1 The School operates a CCTV system. Please refer to the School CCTV Policy for further information on this.

18 **Changes to this policy**

We may change this policy at any time. Where appropriate, we will notify **data subjects** of those changes.

3. **Methods of disposal.**
 - a) Paper documents containing personal data should be shredded. Arrangements are made on annual basis for large quantities of document shredding.

 - a) **USB devices** are not prohibited, but only use encrypted USB drives/laptops to backup media and if you need to take data off-site.
 - b) Ensure your **wireless network at home is secure and encrypted.** WPA and WPA2 require users to provide a security key to connect.
 - c) Work containing confidential information accessed remotely via the school network should ideally be through a school provided device e.g. encrypted laptop. Alternatively, if a non-school device has to be used in exceptional circumstances, then any downloaded files containing personal data should be erased after use and deleted from the recycle bin/trash folder.
 - d) Use **secure remote access software** for accessing school systems from another location.
